**RESPONSE TO NOTIFICATION OF NON-RESPONSIVENESS**

Sir:

This communication is responsive to the Office Action of 09/04/2002, setting a one month period of reply.

On 08/14/2002, Applicants replied to a restriction requirement and an election of species requirement. Applicants elected group II, claims 15-26 and species 1, with traverse. The reply did not indicate which claims were drawn to species 1.

Claims 18 and 19 are drawn to species 1, the source material is a mixture of an organometallic compound and a metal powder. Applicants reassert the traversal from the prior reply.
